

Monitoring Comprehension

“What is monitoring?”

Does it...

- Look right?
- Make sense?
- Sound right?”

“Monitoring is important because...

I want to make sure I understand what I’m reading.”

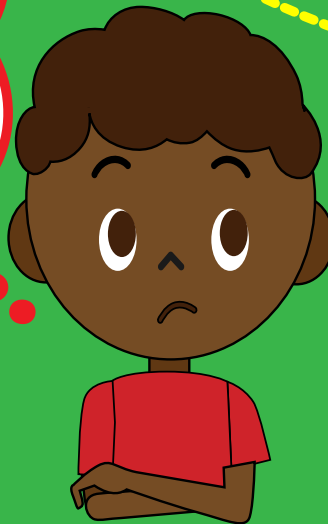

“When do I use it?”

I use monitoring every time I read.”

“How do I do it?”

I ask myself these questions while reading.

- Does that look right?
- Does that make sense?
- Does that sound right?”

“If the answers are all yes, all is well!”

“If the answer is no, I need to use a fix up strategy.”
